Complete with Smart Charts

China now has bilateral tax treaties with more than 80 countries. This means that there are many jurisdictions in which specific taxation rules apply to any cross-border engagement as long as one of the parties is located in China.

Now there's absolutely no mystery - or delay - about finding these rules with China Tax Treaties Online. Select any of the over-80 countries listed in CCH's exclusive Smart Charts feature and get precise tabular information such as tax on dividends, interest, royalties or tax sparing relief. With this detailed information, presented as side-by-side comparisons, you will:

- resolve even the most complex issues quickly;
- proceed with complete confidence;
- and facilitate planning of targeted strategies.

Another enormously valuable segment of this solution finder supports and reinforces the wealth of information - commentary from Deloitte's China experts alerts you to the impact of typical treaty clauses and what you can expect in the way of benefits and potential pitfalls. Bilingual text of all extant China tax treaties are included.

It's hard to imagine a more practical or complete way to get on the fast track to make the right decisions in cross-border business involving China.
