Technical Update Evenings

Technical Update Evenings (TUE) is a programme of regular evening training sessions held by the Institute to provide comprehensive training to members to build up knowledge on current financial reporting and auditing issues. In each session, TUE aims to help members explore key areas of complexity within the standards and to increase members' abilities to deal with issues arising from the application of standards and get more knowledge on new topics.

The programme covers current standards but puts particular emphasis on those that have been identified as having particular application issues.

Workshops for Group Accounting

The workshops for group accounting aim to assist participants to develop the skills for preparing consolidated financial statements and consolidated statement of cash flows through two separate sessions. Each session will include short lectures covering key points of the relevant accounting standards and practical case illustrations.

By the end of the workshops, participants will be able to

- Prepare consolidated financial statements and consolidated statement of cash flows by incorporating the results of subsidiaries, associates and joint ventures held throughout the period
- Prepare calculation of goodwill arising on an acquisition made during the year
- Account for the effects of consolidating subsidiaries whose functional currencies are different from the parent company
- Account for the disposals of an investment during the year
