

Corporate Finance Interest Group

About the Corporate Finance Interest Group

The Corporate Finance Interest Group ("CFIG") is the latest professional interest group to be set up under the Hong Kong Institute of CPAs.

The Institute identified the scope for a specialist group that could give greater support to, and represent the views of, CPAs and other professionals working in the corporate finance sector in Hong Kong. It was considered that a professional interest group for this sector would be welcomed, not only by corporate finance practitioners, but also by regulators and the business sector generally.

For this reason, the Institute decided to form the CFIG, to provide a forum for CPAs and other professionals working in corporate finance and related sectors to network and exchange views on matters of interest and concern. It will also serve as a resource group and a two-way channel of communication, to bring the views of CFIG members to the attention of the Institute, and to relay information, as necessary, from the Institute to CFIG members.

Inaugural Event

A cocktail reception will be held on 26 October 2007 to formally launch the CFIG. (Further details are contained in the right-hand column.)

Visit the Institute's website at < www.hkicpa.org.hk > and find out more.

Registration now to be a CFIG member

This will not only give you the chance to meet fellow CFIG members and to exchange views about corporate finance issues with securities market regulators and prominent corporate finance practitioners, but also to tell us what you want the CFIG to do for you.

* *The number of places is limited and in the event of over-subscription, places will be allocated on a first-come-first-served basis.*
