

Conversion Tool for the Revised Practical Experience Framework

User Guide

The revised Practical Experience Framework ("PEF") with effect from 1 January 2023 sets out the competences and other practical experience requirements for registration as a HKICPA member. One of the changes to the framework includes categorizing Technical and Enabling¹ Competences into 18 technical and seven enabling elements respectively in order to recognize and embrace the wide variety of work environments that are suitable for QP students.

A comparison of the key practical experience requirements and a mapping of competences between the old and revised frameworks are set out in <u>Appendix A</u> and <u>Appendix B</u> respectively.

Transitional arrangements for QP students

Candidates who registered as QP students and started accumulating practical experience before 1 January 2023 (named as "transitioning students"), they can continue to attain the required practical experience under the old PEF until the end of the three-year transitional period (i.e. up to 31 December 2025).

The requirements for transitioning students are summarized in the table below:

Requirements	Within transitional period (on or before 31 December 2025)	After transitional period (on or after 1 January 2026)
(a) Practical experience requirements	Students may follow the old Practical Experience Framework.	Students must follow the revised Practical Experience Framework.
(b) Conversion Report	Not required *	Required for submission
(c) 10-year Recency Rule	This rule does not apply.	Students must fulfil this rule.

* Conversion Report is required to be submitted to the HKICPA if the practical experiences acquired by the transitioning students are partially recognized under the old Practical Experience Framework and are partially recognized under the revised Practical Experience Framework.

Please refer to QP Student Handbook and <u>PEF Support Manual</u> for details.

Conversion Tool

The Institute has developed a **Conversion Tool template** to convert the achieved practical experience under the old to the revised PEF. At the time of application for the HKICPA membership on or after 1 January 2026, transitioning students are required to submit the signed-off Training Records and a completed Conversion Report.

This document is intended to illustrate how to use this **Conversion Tool template** and should be read in conjunction with the videos on how to fill in a Conversion Tool template. The template contains the following four excel sheets:

Excel sheet	Description	Information to be completed by transitioning students
Summary report	Summary of practical experience requirements achieved	Fill in personal particulars and practical experience duration
Competence & Declaration	Summary of competences acquired and declaration	Sign the declaration
Old PEF (For student's input)	Details of competences acquired under the old PEF	Fill in the details of competences acquired according to the signed-off Prospective Member's Record of Practical Experience (i.e. Training Records). See <u>Appendix B</u> for details on mapping of competences.
Revised PEF – After conversion	Details of competences acquired after conversion to the revised PEF	Nil
