Section 1 – Introduction

1.1 About the Practical Experience Framework

The Hong Kong Institute of Certified Public Accountants (the "Institute" or "HKICPA") is the statutory body established by the Professional Accountants Ordinance responsible for the professional training, development and regulation of certified public accountants in Hong Kong. The Institute's Qualification Programme ("QP") offers the most direct route and comprehensive training for aspiring accountants to qualify as a Hong Kong Certified Public Accountant ("CPA").

To ensure professional accountants are equipped with the necessary knowledge, skills and experience, the QP embraces the competence requirements and learning outcomes for the three tenets of the CPA qualification framework, i.e. pre-entry education, professional programme and practical experience. In September 2002, the Institute introduced a set of guidelines, the Practical Experience Framework, which became mandatory for all QP students on 1 January 2005, governing the attainment of practical experience for HKICPA membership admission purposes.

Under the Practical Experience Framework, experience gained by QP students for membership admission will be recognized only if it is gained under the supervision of an Authorized Employer ("AE") or an Authorized Supervisor ("AS") accredited by the Institute. The requirements for practical experience for HKICPA membership admission are prescribed in Section 24 and By-law 41 of the Professional Accountants Ordinance.

To review how AE/ AS comply with the registration requirements and provide structured training to the QP students, the Institute launched the AE and AS Enhancement Programme in 2008 and 2010 respectively to conduct interviews with AE/ AS/ QP students to monitor the adherence of registration requirements, improve the communications and understand the stakeholders' difficulties in the implementation of the AE/ AS scheme.

To strengthen the effectiveness of the practical experience for membership admission and to align the process with international standards and best practices of leading accountancy bodies, the Institute will launch the revised Practical Experience Framework in December 2022. The revision aims at (1) enhancing the flexibility of the time requirements to embrace the wide variety of work environments; (2) strengthening the quality assurance of the AE/ AS system; and (3) promoting communication and improving the transparency and timeliness of documentation through a newly developed bespoke online system.

1.2 About the Support Manual

To meet the practical experience requirements for HKICPA membership, QP students have to complete at least three years of relevant practical experience under the supervision of the Institute's AE or AS. Therefore, it is essential for QP students to have a clear understanding of the practical experience requirements before starting their practical experience journey.

The **Support Manual** (the "Manual") is designed to provide the practical experience requirements and guidelines under the Practical Experience Framework. The Manual covers the following sections:

- **Section 2** describes the recognition requirements of practical experience acquired by QP students. It is essential for QP students to understand how they can acquire recognized practical experience in their workplace.
- **Section 3** sets out the qualification requirements of authorized training personnel including the Member-In-Charge, Counselors and AS, and covers their roles and responsibilities during the practical experience process.
- **Section 4** delineates the authorization process employed to consider the eligibility of AE/ AS based on the Practical Experience Codes and Guidelines ("Code and Guidelines"). Applicants who wish to seek authorization or re-authorization as an AE/ AS should perform a self-assessment to ascertain their commitment to comply with the Code and Guidelines before making the application to the Institute.
- **Section 5** illustrates how QP students should kick off and complete their practical experience training. QP students are required to enter into a Development Commitment with the AE/ AS and record their achieved competences in the Training Records. This section also elaborates how and when the Training Records should be reviewed and signed off. It is useful for QP students to learn what they will go through in the practical experience process.

We wish the Manual will be able to furnish you with all the essential information about the practical experience requirements for HKICPA membership admission.

Should you have any questions regarding the Practical Experience Framework, please contact Institute's Education and Training Department – Practical Experience Team via email pef-enquiry@hki CPA.org.hk.

1.3 Glossary

<u>Term</u>	<u>Definition</u>
Authorization Process	The quality assurance process through which the suitability of organizations or individuals seeking to register as the Institute's Authorized Employer or Authorized Supervisor is assessed.
Authorized Employer	<p>An organization which has demonstrated willingness and ability to comply with the principle of the Practical Experience Codes and Guidelines and is authorized by the Institute to take on QP students and provide them with a work environment to acquire relevant practical experience satisfying the Institute's prescribed Technical and Enabling Competences for HKICPA membership admission.</p> <p>The Authorized Employer discharges its commitments and responsibilities through the appointment of a Member-In-Charge (and Member-In-Charge Deputy(ies) if needed) and Counselor(s).</p>
Authorized Supervisor	<p>An individual who has demonstrated willingness and ability to comply with the principle of the Practical Experience Codes and Guidelines and has obtained support from his/ her employer to take on QP students and provide them with a work environment to acquire relevant practical experience satisfying the Institute's prescribed Technical and Enabling Competences for HKICPA membership admission.</p> <p>The individual is authorized by the Institute to train QP students under his/ her charge. The Authorized Supervisor takes on roles and responsibilities similar to a Member-In-Charge and a Counselor under the Authorized Employer scheme.</p>
Counselor	A person assigned by the Member-In-Charge under the Authorized Employer scheme and is delegated with the responsibilities to review and verify the QP students' Training Records.
Development Commitment	A written agreement to be entered into between the Authorized Employer or Authorized Supervisor and the QP student within three months of commencement of the Practical Experience Period setting out the parties' understanding, commitments and responsibilities in relation to the practical experience training provided to the QP student.

<u>Term</u>	<u>Definition</u>
Enabling Competences	Professional skills, values, ethics and attitudes required to be developed by a QP student during the Practical Experience Period in accordance with the International Education Standards 3 and 4 of the International Federation of Accountants.
Member-In-Charge	A person appointed by the Authorized Employer to assume the overall responsibility for supervising the training of QP students and to confirm to the Institute that the QP students have attained the required competence. The Member-In-Charge may also be a Counselor.
Member-In-Charge Deputy	A person appointed by the Member-In-Charge under the Authorized Employer scheme to perform some of the responsibilities of the Member-In-Charge.
Practical Experience Codes and Guidelines	The fundamental attributes of an Authorized Employer or Authorized Supervisor in the provision of quality learning and development opportunities for QP students whom they employ, and are relied on by the Institute in assessing and evaluating the suitability of organizations and individuals seeking to register as an Authorized Employer or Authorized Supervisor.
Practical Experience Framework	The competency-based system of practical experience supervision and guidance that defines the types of skills that a QP student should acquire during the Practical Experience Period before becoming a member of the Institute. The Practical Experience Framework became mandatory for all QP students on 1 January 2005.
Practical Experience Period	A period of time through which a QP student attains relevant experience under supervision of an Authorized Employer or Authorized Supervisor for HKICPA membership application. The total required Practical Experience Period is at a minimum of three years.
Recency rule	A rule for determining the relevancy of the practical experience acquired by a QP student, which requires the practical experience to be attained within 10 years prior to the date the QP student applies for HKICPA membership.

<u>Term</u>	<u>Definition</u>
Reflective Statement	A record of self-assessment on competences acquired during the Practical Experience Period by a QP student with a view to identifying improvement areas and future development needs. The Reflective Statement forms part of the Training Records.
Technical Competences	Professional knowledge and skills required to be developed by a QP student during the Practical Experience Period in accordance with the International Education Standard 2 of the International Federation of Accountants.
Training Records	A record of time input and competences acquired during the Practical Experience Period to be prepared by a QP student and signed off by an Authorized Employer or Authorized Supervisor as evidence of achieving the practical experience requirements for admission to HKICPA membership.
Transitioning students	Candidates who registered as QP students and have started accumulating practical experience under the old Practical Experience Framework before 1 January 2023.
Working Days	In the context of measuring time input during the Practical Experience Period, a Working Day is defined as eight working hours per day. Working hours can be accumulated.

Section 2 – Recognized practical experience

2.1 Overview

To provide the appropriate practical experience information for HKICPA membership application, QP students and their employers/ supervisors should have a clear understanding of all relevant requirements for recognized practical experience.

QP students are required to attain a combination of time requirements (input based) and competence requirements (output based) in their workplace. The requirements set out the depth and breadth of professional knowledge and skills expected to be developed by QP students.

The following summarizes the key requirements for recognized practical experience:

- QP students should acquire **a minimum of three years** of practical experience and **at least 500 Working Days** of practical experience. The duration of practical experience required for each year of training and each selected technical element is specifically defined in terms of Working Days (Refer to **Sections 2.2.1 to 2.2.3**).
- **Practical experience is subject to the 10-year recency rule.** Practical experience which is not acquired within 10 years prior to the date of HKICPA membership application will not be recognized (Refer to **Section 2.2.4**).
- QP students should fulfill both Technical and Enabling Competence requirements (Refer to **Section 2.3**).
 - Technical: **Four out of 18 technical elements** should be selected. At least one compulsory element must come from the area of Financial Accounting and Reporting.
 - Enabling: **All the Enabling Competences are compulsory.**

2.2 Time requirements

2.2.1 Required length of relevant practical experience

QP students should complete at least three years of relevant practical experience under the supervision of the Institute's AE/ AS.

Depending on the academic qualification, some students might have to attain the relevant practical experience for a longer period. The below table summarizes these relevant time requirements for your information:

	Minimum length of relevant practical experience	Minimum Working Days during the Practical Experience Period
Approved degree holders or QP students graduated from the Associate Level of the QP	3 years	500 Working Days
Approved accountancy diploma holders	4 years	670 Working Days
Holders of other academic qualifications	5 years	830 Working Days

"Practical experience" means experience whether in Hong Kong or elsewhere acceptable to the Council as an employee of a person practising public accountancy or in the financial or management accountancy department of an organisation in industry, commerce or the public service or in a similar department.

Within the required length of the Practical Experience Period, QP students are allowed a maximum of three employments and only one of the employments can be less than 12 months.

QP students are required to complete a minimum of 500, 670 and 830 Working Days within the three, four and five years of Practical Experience Period, respectively.

2.2.2 Working days

The concept of "Working Days" is applicable to the time measurement of Technical Competences. A "Working Day" is defined as eight working hours per day and working hours can be accumulated. Specifically, the following time requirements should be observed:

- QP students are required to gain at least 130 Working Days of practical experience for each year of their training;
- QP students are required to achieve at least 75 Working Days of practical experience in each of the selected technical elements;
- At least 50% of the total Working Days (i.e. 250 days) in the Practical Experience Period should reach proficiency level 3; and
- A maximum of 40 hours of attendance at relevant training courses each year can be counted as Working Days.

2.2.3 Practical experience period

"Practical Experience Period" means the period of time through which a QP student attains relevant experience under the supervision of an AE/ AS for HKICPA membership application. The total required Practical Experience Period should cover a minimum of three years.

When a QP student commences practical experience training, the AE/ AS and QP student should enter into a Development Commitment through the Practical Experience Online System. For more details about the Development Commitment, please refer to **Section 5.2.2**.

Can the practical experience period be suspended or extended?

QP students need not attain the required practical experience with the same employer throughout the Practical Experience Period. In real-life situations, practical experience training may be suspended for various reasons (e.g. full-time study, change of employment).

For example, the recognition of practical experience would be suspended under one of the following circumstances:

- The AE/ AS ceases to be a registered AE/ AS under the Practical Experience Framework;
- The AS is no longer an employee of the AS Employing Organization;
- The QP student ceases to be a registered QP student under the HKICPA QP;
- The QP student is no longer an employee of the AE/ AS Employing Organization; or
- Mutual agreement by both parties.

The Development Commitment should be terminated under any of the above circumstances. QP students are required to report the termination to the Institute immediately. They also have to enter into a new Development Commitment with the new AE/ AS if they want to continue their practical experience training.

The AE/ AS status may be suspended or withdrawn in some specified circumstances (Refer to **Section 4.4**).

If a QP student has not completed all practical experience requirements (i.e. time and/ or competence) after three years of training, the Counselor/ AS and the QP student should agree to an extension of training until completion of all practical experience requirements.

2.2.4 10-year recency rule

To ensure relevancy of practical experience, the practical experience of a QP student must be attained within 10 years prior to the date of the QP student applying for HKICPA membership. In other words, practical experience which is not attained within 10 years prior to the date of HKICPA membership application will not be recognized.

2.3 Competence requirements

The Institute introduced the Practical Experience Framework to define, in competence terms, the coverage and type of practical experience gained by QP students en route to qualification. Practical experience extends the competence-based framework already applied to the academic prerequisites and knowledge components of the professional programme to the workplace. This relates to both the acquisition and development of Enabling Competences and professional attitudes, as well as to more specific Technical Competences.

Practical experience requirements are a combination of time (input based) and competences (output based). On the output side, both the Technical Competences and Enabling Competences are in line with the International Education Standards of the International Federation of Accountants and meet the training needs of QP students working in a wide variety of work environments. As for the input side (Refer to **Section 2.2**), it allows more flexibility for QP students to achieve the time requirements and the Working Days of the competences.

2.3.1 Technical competences

To recognize and embrace the wide variety of work environments, QP students are provided with the opportunities to demonstrate Technical Competences in 18 elements categorized into six core areas as follows:

Financial Accounting and Reporting ("FAR")	Audit and Assurance ("AA")	Taxation ("T")
FAR1 Accounting for Transactions	AA1 Planning an Engagement	T1 Tax Computations
FAR2 Preparing Financial Reports	AA2 Performing an Audit Engagement	T2 Tax Compliance
FAR3 Analysing Financial Reports	AA3 Audit Review and Reporting	T3 Tax Planning
Management Accounting, Finance and Financial Management ("MF")	Governance, Risk Management and Internal Control ("GRI")	Information Technology, Business Strategy and Management, and Insolvency and Reconstruction ("IBR")
MF1 Cost Management and Evaluation	GRI1 Identifying and Managing Risk	IBR1 Information Technology
MF2 Cash Management, Planning and Budgetary Control, and Treasury	GRI2 Designing Internal Controls	IBR2 Business Strategy and Management
MF3 Appraising Investments	GRI3 Monitoring Performance and Accountability	IBR3 Insolvency and Reconstruction

QP students are required to satisfy the competence requirements for four out of the above 18 technical elements. One of which must be in the area of Financial Accounting and Reporting while the other three elements can be chosen from the remaining 17 elements.

It should be noted that all competences are assigned with the required levels of proficiency. These are:

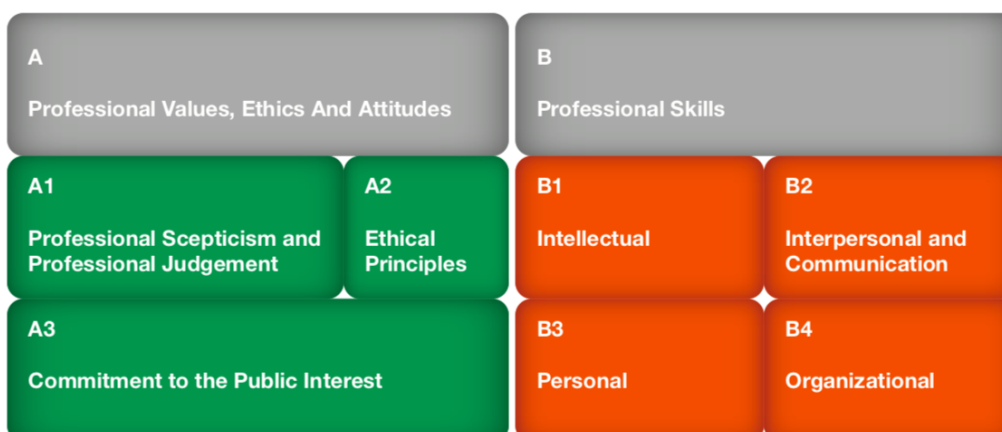

- **Level 1: Foundation** (Knowledge and comprehension) – Ability to remember previously learned materials and demonstrate understanding of facts and ideas by organizing, comparing, translating, interpreting, giving descriptions and stating main ideas.
- **Level 2: Intermediate** (Application and analysis) – Ability to use new knowledge and solve problems in new situations by applying acquired knowledge, facts, techniques and rules in a different way. In addition, the QP student is able to examine and break information into parts by identifying motives or causes, make inferences and find evidence to support generalization.
- **Level 3: Advanced** (Integration and evaluation) – Ability to compile information together in a different way by combining elements in a new pattern or proposing alternative solutions. Moreover, the QP student is able to demonstrate the ability to judge the value of material for a given purpose.

The details of Technical Competences and related proficiency level expectations are depicted in the Practical Experience Competence Grid (**Appendix A**).

2.3.2 Enabling competences

In addition to the Technical Competences, QP students are required to demonstrate skills in all Enabling Competences, which underpin the roles and behaviours required of the professional accountants in any accounting-related role or position.

The Enabling Competences cover two areas and seven elements, which are illustrated in the table below:

The details of Enabling Competence and related proficiency level expectations are depicted in the Practical Experience Competence Grid (**Appendix A**).

Section 3 – Authorized Employers and Authorized Supervisors

3.1 Overview

QP students are required to obtain the appropriate type and level of practical experience from an AE/ AS registered with the Institute.

If an organization wishes to obtain the authorization status in its own name, it should make an application to register as an AE. Upon successful application, the AE should be committed to providing QP students with a quality work environment to acquire relevant practical experiences for HKICPA membership admission. The AE would discharge its roles and responsibilities through the appointment of Member-In-Charge ("MIC") (and MIC Deputy(ies) if needed) and Counselor(s) under the AE scheme.

In case where a QP student is not working for an organization authorized by the Institute as an AE, an eligible person could apply to register as an AS given that the person is willing to obtain support from his/ her employer to provide the QP student with a quality work environment to acquire relevant practical experience for HKICPA membership admission. The AS takes on roles and responsibilities similar to a MIC and a Counselor under the AE scheme.

To uphold the quality of training for QP students, specific qualification and experience are required for the MIC/ MIC Deputies, Counselors and AS. The qualification requirements of these training personnel are delineated in **Section 3.2**. Their respective roles and responsibilities can be found in **Section 3.3**.

To seek registration as an AE/ AS, the applicant should demonstrate willingness and ability to comply with the principle of the Practical Experience Codes and Guidelines (Refer to **Section 4.2**).

3.2 Qualification requirements

The MIC/ MIC Deputies, Counselors and AS are the training personnel under the Practical Experience Framework. In general, they must satisfy the following:

- **Qualification** – Be a member of the Institute or a professional accountancy body that is recognized by the Institute. For MIC, they should hold a senior management position in the AE.

The list of recognized accountancy bodies can be found on our website, which will be reviewed and updated whenever necessary.

- **Experience** – Have a minimum of three years of post-qualification experience.

The training personnel should also understand clearly their respective roles and responsibilities through watching the learning videos.

3.3 Roles and responsibilities

The MIC/ MIC Deputies, Counselors and AS undertake essential roles and responsibilities under the AE/ AS scheme. Their respective roles and responsibilities are set out below:

3.3.1 Member-In-Charge/ Member-In-Charge Deputies

Each AE needs to appoint a MIC to assume the overall responsibility for supervising the training of QP students and to confirm to the Institute that QP students have attained the required competences. Some AEs may consider appointing a maximum of five MIC Deputies to perform some of the MIC's responsibilities below which are marked with an asterisk (*).

The MIC is responsible for performing all of the following:

- (a) Complying with and maintaining the authorization status;
- (b) Meeting with the Institute's Assessors during the authorization visit;
- (c) Advising the Institute of any material change in the organization that may affect its authorization status;
- (d) Acting as the first point of contact with the Institute in matters relating to the Practical Experience Framework;
- (e) Overseeing the QP students' training within the organization;
- (f) Ensuring that there are appropriate resources to support the QP students' training;
- (g) Agreeing the Development Commitment with QP students through the Practical Experience Online System within three months of commencement of the Practical Experience Period * (Refer to **Section 5.2.2**);
- (h) Confirming to the Institute the QP students' completion of practical experience requirements by endorsing the completed Training Records through the Practical Experience Online System * (Refer to **Section 5.2.6**); and
- (i) Approving and assigning Counselors to QP students *.

3.3.2 Counselors

Under the AE scheme, the MIC would delegate the responsibility to Counselors for reviewing and verifying the QP students' Training Records. The Counselor is responsible for performing all of the following:

- (a) Developing QP students and discussing training issues with them;
- (b) Performing interim and annual review meetings with assigned QP students and signing the Training Records through the Practical Experience Online System on an annual basis (Refer to **Sections 5.2.4** and **5.2.5**); and

- (c) Discussing the following areas during the review meetings with QP students:
- Time spent on practical experience;
 - Progress in achieving competences required for HKICPA membership;
 - Reflective Statements (Refer to **Section 5.2.5**);
 - Professional development;
 - Ethical issues and training;
 - Career development; and
 - Any other issues affecting the QP students' ability to satisfy the requirements of becoming a professional accountant (e.g. modules and study progress).

3.3.3 Authorized Supervisors

The AS is required to perform similar responsibilities as a MIC and has the same responsibilities as a Counselor. His/ her responsibilities include the following:

- (a) Complying with and maintaining the authorization status;
- (b) Meeting with the Institute's Assessors during the authorization visit;
- (c) Advising the Institute of any material change in the organization that may affect the authorization status;
- (d) Acting as the first point of contact with the Institute in matters relating to the Practical Experience Framework;
- (e) Overseeing the QP students' training within the organization;
- (f) Ensuring that there are appropriate resources to support the QP students' training;
- (g) Agreeing the Development Commitment with QP students through the Practical Experience Online System within three months of commencement of the Practical Experience Period (Refer to **Section 5.2.2**);
- (h) Confirming to the Institute the QP students' completion of practical experience requirements by endorsing the completed Training Records through the Practical Experience Online System (Refer to **Section 5.2.6**);
- (i) Developing QP students and discussing training issues with them;
- (j) Performing interim and annual review meetings with assigned QP students and signing the Training Records through the Practical Experience Online System on an annual basis (Refer to **Sections 5.2.4** and **5.2.5**);

- (k) Discussing the following areas during the review meetings with QP students:
- Time spent on practical experience;
 - Progress in achieving competences required for HKICPA membership;
 - Reflective Statements (Refer to **Section 5.2.5**);
 - Professional development;
 - Ethical issues and training;
 - Career development; and
 - Any other issues affecting the QP students' ability to satisfy the requirements of becoming a professional accountant (e.g. modules and study progress).

3.3.4 Counselor-student training ratio

It is essential that adequate advice and counselling are given to each QP student on personal and professional development. Each Counselor or AS should not be responsible for more than eight QP students at any point of time. In case where extra number of QP students are required to be trained and supervised under the Practical Experience Framework, more eligible Counselors or AS should be properly engaged to satisfy the training needs of QP students.

3.3.5 Scheme Coordinator

The Scheme Coordinator ("SC") is a person appointed by the AE for coordinating and administering matters related to the AE scheme. The SC can also serve as a communication channel between the AE and the Institute.

The SC is not subject to any professional qualification and experience requirements if he/ she will only take up a coordination and communication role. The SC can also register as a Counselor if he/ she can satisfy the relevant qualification requirements.

3.3.6 QP students

To meet the practical experience requirements, QP students must ensure the following:

- (a) Working for an AE/ AS under a Development Commitment;
- (b) Working closely with the AE/ AS to acquire the necessary experience to meet both the time and competence requirements;
- (c) Using the Training Records to document the achievement of competences;
- (d) Meeting with Counselors/ AS as required by the Institute to discuss progress and sign off the Training Records; and
- (e) Ensuring that the AE/ AS signs off the Training Records upon completion of the practical experience requirements.

Section 4 – Authorized training environment

4.1 Overview

It is imperative for the success of the Practical Experience Framework that the Institute registers eligible AE/ AS that will offer QP students a work environment with quality learning and development opportunities.

In this regard, the fundamental attributes of eligible AE/ AS have been strengthened and elaborated as the guiding principle to assess the suitability of authorizing organizations or individuals seeking to register as an AE/ AS. The Institute also adopts a better-defined process for authorization, renewal and monitoring of AE/ AS including self-assessment and authorization visits.

The following summarizes some key elements of the enhanced AE/ AS system:

- **The fundamental attributes of AE/ AS are strengthened and elaborated as three codes supported by 15 guidelines.** A new applicant or an existing AE/ AS has to demonstrate the commitment to comply with the principle of Practical Experience Codes and Guidelines in all material aspects (Refer to **Section 4.2**).
- **The authorization process is conducted electronically and is categorized into three stages:** (1) application for authorization, (2) annual monitoring and information update, and (3) renewal of authorization (Refer to **Section 4.3**).
- **New applications may be subject to an authorization visit.** The selection of visit will be conducted by adopting a risk-based approach. Self-assessment results and past disciplinary records are examples of risk indicators (Refer to **Section 4.3.1**).
- **The authorization status is granted for a five-year period, subject to an annual monitoring and renewal process.** The AE/ AS should conduct information updates through the Practical Experience Online System on a timely basis to ensure the completeness and accuracy of the records (Refer to **Sections 4.3.2** and **4.3.3**).
- **The AE/ AS authorization status may be suspended or withdrawn in certain circumstances** (Refer to **Section 4.4**).

4.2 Practical Experience Codes and Guidelines

The Practical Experience Codes and Guidelines ("Codes and Guidelines") outline the fundamental attributes of an AE/ AS in the provision of quality learning and development opportunities for QP students under their employment. The following table lists out the three codes and their underlying 15 guidelines:

CODE 1: The AE/ AS exhibits professional and ethical practices.	
Guideline 1	The AE/ AS's employing organization meets its regulatory and ethical requirements in its country of residence.
Guideline 2	The AE/ AS or the individuals involved in training have no ethical or professional issues.
CODE 2: The AE/ AS is committed to and identifies the training and development needs of QP students.	
Guideline 3	The AE/ AS identifies and provides adequate resources to train QP students.
Guideline 4	The AE identifies and assigns qualified accountants with suitable experience as Counselors and provides resources to enable them to fulfil their role. The AS should be a qualified accountant with suitable experience and ensure appropriate resources are provided by the AS's employing organization to enable the AS to fulfil his/ her role.
Guideline 5	The MIC, Counselors, AS and QP students understand their roles and responsibilities for training and development.
Guideline 6	The AE/ AS sets the QP students' objectives as part of a performance review.
Guideline 7	The AE/ AS identifies opportunities for QP students to obtain appropriate practical experience.
Guideline 8	The AE/ AS ensures QP students understand how they contribute to the organizational or departmental objectives.
Guideline 9	The AE/ AS agrees Development Commitment with QP students which is relevant to their current roles or their future career aspirations.
CODE 3: The AE/ AS provides development opportunities for QP students and monitors and reviews development activities.	
Guideline 10	The AE/ AS provides appropriate practical experience to QP students.
Guideline 11	The AE/ AS provides training and development opportunities to QP students to achieve their objectives and explains the nature and extent of these opportunities to them.
Guideline 12	The AE/ AS monitors and evaluates the QP students' progress towards fully meeting the practical experience requirements, and identifies and takes appropriate action as a result of reviews with QP students.
Guideline 13	The AE/ AS ensures the QP students' time is documented and can be counted towards the practical experience requirements.
Guideline 14	The AE/ AS reviews the QP students' ethical and professional behaviour throughout the Practical Experience Period.
Guideline 15	The AE/ AS evaluates and monitors QP students to undertake development activities.

The Codes and Guidelines also serve as the guiding principles for the Institute to consider and assess the suitability of authorizing organizations or individuals seeking to register or continue to register as an AE/ AS.

4.3 Authorization process

The AE/ AS applicants can complete the whole authorization process through the Practical Experience Online System. The authorization process can be categorized into the following:

- Application for authorization
 - **Stage 1:** Application and preparation (including self-assessment)
 - **Stage 2:** Application under review (including authorization visit if selected)
 - **Stage 3:** Determination of result
- Annual monitoring and information update
- Renewal of authorization

4.3.1 Application for authorization

Stage 1: Application and preparation

Before starting the application process, you are advised to consider the following:

- Should you elect to have AE or AS registration for training QP students in your organization?
- Have you reviewed the eligibility of the MIC/ MIC Deputies/ Counselors/ AS based on the criteria laid down in **Section 3.2**?
- Have the MIC/ MIC Deputies/ Counselors/ AS obtained good understanding of their roles and responsibilities (Refer to **Section 3.3**)?
- Have you carried out a review of the commitment to comply with the Codes and Guidelines (Refer to **Section 4.2**) in all material aspects?

To better understand the Codes and Guidelines, the AE/ AS applicants may read the "**Guidance Notes for Self-assessment on Compliance with Practical Experience Codes and Guidelines**" (**Appendix B**) for further explanation. A non-exhaustive list of possible considerations and examples of supporting evidence are provided for reference.

When applying for the authorization status, the AE/ AS applicants are required to:

- Complete an online self-assessment form by evaluating whether their organization complies with the principles of the Codes and Guidelines in all material aspects;
- Gather evidence that help demonstrate their compliance with the Codes and Guidelines based upon their self-assessment findings.

Stage 2: Application under review

What approach will be adopted for the review?

The Institute will conduct an assessment on the application and may request submission of additional information and/or supporting documents.

Additionally, the Institute will adopt a risk-based approach for selection of applications to conduct authorization visits. The selection criteria include self-assessment results, number of QP students, any past disciplinary records, or any concerns brought to the attention of the Institute.

During the visit, the Institute's Assessors will meet the employer representatives (usually the MIC, AS or the senior personnel in the AS Employing Organization) to discuss the compliance with the Codes and Guidelines and review the relevant evidence. Meanwhile, the Institute's Assessors will also meet the existing staff (i.e. corroborators) of the AE/ AS applicants to understand the organization's training and development environment further. The corroborators can be QP students or persons participating in the activities that the Institute's Assessors are seeking to substantiate (e.g. human resources personnel, Counselors).

This review approach enables the Institute to have a reasonable understanding of the applicant's work environment and determine the suitability of authorizing organizations or individuals seeking to register as an AE/ AS.

Stage 3: Determination of result

The Institute will determine the outcome of the application based on our overall evaluation on self-assessment and/ or authorization visits. If the AE/ AS applicants can demonstrate their compliance with the principles of the Codes and Guidelines in all material aspects, the authorization status would be granted for a period of five years. For successful cases, an Authorization Certificate¹ will be issued to the AE/ AS and the list of AE and AS will be published on Institute's website periodically for public search.

As for those unsuccessful cases, the Institute will provide the reasons for the decision to the AE/ AS applicants.

AE/ AS registration is subject to review by the Institute on a case-by-case basis. If the AE/ AS is considered unfit to continue the registration, the Institute has the right to terminate the registration. Please refer to **Section 4.4** for details.

4.3.2 Annual monitoring and information update

Why is annual monitoring important?

AE/ AS are required to complete an online annual monitoring declaration to the Institute for ensuring that they uphold the principles of Codes and Guidelines and that their work environments continuously offer quality training to QP students.

¹ For certificate reissuance, a written request should be submitted together with a HK\$350 administration fee.

Monitoring visits will be conducted based on a risk-based approach. The selection criteria include self-assessment results, number of QP students, any past disciplinary records, or any concerns brought to the attention of the Institute.

For any failure to comply with the Institute's monitoring procedures, this may result in withdrawal of AE/ AS authorization and/ or could pose an adverse impact on QP students who need to acquire practical experience for HKICPA membership admission.

Why is the information update important?

Under the Practical Experience Framework, the Practical Experience Online System is able to promote communication among our stakeholders and improve the transparency and timeliness of documentation. To achieve this, the MIC/ MIC Deputies/ AS have to ensure that the online system records contain complete and accurate information which include the following items:

- Details about the AE/ AS Employing Organization;
- Personal particulars about the MIC/ MIC Deputies/ Counselors/ AS/ QP students;
- Any changes regarding the MIC/ MIC Deputies/ Counselors/ AS/ QP students;
- Details about the assignment of Counselors to QP students; and
- Details about the period of supervision.

Information updates should be conducted on a timely basis. AE/ AS shall be able to complete the information update through the Practical Experience Online System whenever they need to do so.

In practice, some AEs require performing the information update more frequently. They may consider engaging the Scheme Coordinator to undertake part of the administrative work.

4.3.3 Renewal of authorization

At the end of every five-year authorization period, AE/ AS have to undergo a renewal process. They are required to complete an online renewal form including the self-compliance checklist to demonstrate their continual commitment to the Codes and Guidelines, supplemented by a potential re-authorization visit. The selection criteria and procedures of the re-authorization visit are similar to the initial authorization visit as described in **Section 4.3.1**.

4.4 Withdrawal of authorization

If at any time the Institute has concerns over the suitability of an AE/ AS and their commitment to the Codes and Guidelines, it can re-assess their AE/ AS status. The Institute may suspend or withdraw the AE/ AS status when it observes one or more of the following circumstances:

- Any material failure to comply with the Codes and Guidelines, the registration requirements or responsibilities, including disciplinary proceedings;
- Any failure to observe the Institute's monitoring procedures including submission of timely and accurate information;
- Any actions of the AE/ AS/ AS's Employing Organization deemed by the Institute to be sufficient grounds for withdrawal of the authorization;
- Complaints by members or students of the Institute which have been substantiated;
- Any circumstances shows that the AE/ AS is unfit to provide structured training for QP students;
- The Institute's Qualification and Examinations Board (the "Board") is of the view that AE/ AS has abused its status;
- AE/ AS is not co-operative in any enquiry, briefing, authorization visit or investigation conducted by the Institute.

4.5 Appeal mechanism

The Institute has a formal grievance process that allows AE/ AS applicants to appeal against the decision of authorization made by the Institute. The Institute will conduct an independent review of the evidence submitted and inform the aggrieved AE/ AS of the review result.

AE/ AS applicants who are not satisfied with the decision of authorization may request for a review by writing to the Director of Education and Training within 20 days upon receipt of the application result. The appeal case will be brought up to the Board for deliberation. The Board's decision on the review is final and conclusive.

A fee of HK\$8,000 is imposed on the appeal application, which is non-refundable.

Section 5 – Reporting and assessment of practical experience

5.1 Overview

QP students have to undergo different stages with their Counselor/ AS in the practical experience process. The Practical Experience Online System is able to provide a wide range of support to AE/ AS and QP students to promote regular communication and confirm mutual expectations between both parties.

AE/ AS may leverage on the Practical Experience Online System to oversee the AE/ AS scheme while QP students could make good use of the system to keep track of their development progress of professional competences. The following outlines the key requirements for going through the practical experience process:

- **There are six stages in the practical experience process** including: (1) finding an eligible Counselor/ AS; (2) entering into a Development Commitment with AE/ AS; (3) creating Training Records and recording practical experience; (4) attending interim and annual review meetings; (5) completing the Training Records and Reflective Statement; and (6) performing final sign-off on the Training Records. The whole process is supported by the Practical Experience Online System.
- **As a good starting point, QP students should check whether their employers/ supervisors are AE/ AS.** They should also contact the MIC/ Scheme Coordinator/ AS/ Human Resources ("HR") personnel/ direct managers or supervisors, and inform them of their need of supervision by Counselors/ AS if they wish to acquire practical experience for HKICPA membership admission (Refer to **Section 5.2.1**).
- For setting out a clear understanding of AE/ AS and QP students' expectations and responsibilities, the **Development Commitment should be signed through the Practical Experience Online System by both parties within three months of commencement of the Practical Experience Period** (Refer to **Section 5.2.2**).
- **QP students should reflect time input and competences output in the Training Records.** They are also advised to gather corroborative evidence to support the information provided in the Training Records (Refer to **Section 5.2.3**).
- **Interim and annual review meetings should be conducted for each training year.** Counselors/ AS could review their QP students' training progress interactively and provide constructive feedback on how QP students can improve competences and identify suitable training needs (Refer to **Section 5.2.4**).
- **QP students should ensure that their Training Records (including Reflective Statement) have been duly reviewed and signed off for each year of training.** Training Records should normally be signed off by 31 December each year. (Refer to **Section 5.2.5**).
- **At the completion of the Practical Experience Period, QP students should ensure that the final sign-off has been performed on the Training Records.** (Refer to **Section 5.2.6**).

The MIC/ Counselors/ AS/ QP students play a key role in the practical experience training. Their respective key responsibilities can be found in **Appendix E**.

5.2 Practical experience process

QP students are required to attain relevant practical experience under the supervision of AE/ AS for a minimum of three years. It is essential for QP students to provide useful information (e.g. the types and duration of work experience) to demonstrate their achievement of the professional competences and facilitate their Counselors/ AS to perform the review and assessment on the basis of complete and accurate records.

It is also important for AE/ AS and QP students to have regular communication on learning and development related issues so as to ensure that the QP students' training is moving in the right direction.

After reading this section, you will learn how QP students can acquire recognized practical experience through the following six stages:

- **Stage 1:** Getting started – Find an eligible AE/ AS
- **Stage 2:** Enter into a Development Commitment with AE/ AS
- **Stage 3:** Create Training Records and record practical experience
- **Stage 4:** Attend interim and review meetings
- **Stage 5:** Complete Training Records
- **Stage 6:** Perform final sign-off on the Training Records

QP students can go through all six stages and comply with the relevant requirements under supervision of the same AE/ AS during the whole period of experience. In case the QP students wish to pursue their careers in a new company or work for new managers/ supervisors, they may have to look for new Counselors/ AS and go through the above six stages again.

5.2.1 Getting started – Find an eligible Counselor/ AS (Stage 1)

To attain recognized practical experience, QP students must be trained under the supervision of Counselors/ AS. Here are some useful tips for QP students to get started:

- **Search the Lists of Authorized Employers and Authorized Supervisors**

QP students should check whether their employer is an AE or whether there is any AS in their organization. A list of Authorized Employers and Authorized Supervisors is available on our website for public search.

- **Contact the MIC/ Scheme Coordinator/ AS**

QP students should inform the MIC/ MIC Deputies/ Scheme Coordinator/ AS of their supervision needs from the Counselor/ AS. The AE/ AS can then assign appropriate resources to QP students.

- **Contact the HR personnel/ direct manager or supervisor**

For QP students who are not working for an AE/ AS, they may check with relevant parties to explore whether their employer/ supervisor can apply to register as an AE/ AS.

The Counselor/ AS is not necessarily the direct supervisor of the QP student, but must have access to the direct manager and the work undertaken by the QP student to ensure compliance with the practical experience requirements. The Counselor/ AS may come from the subsidiaries of the QP student's employing organization provided that the group registration application is approved by the Institute.

5.2.2 Enter into a Development Commitment with AE/ AS (Stage 2)

Once an eligible Counselor/ AS has been identified, the QP student should start his/ her practical experience training as soon as practicable. The QP student should initiate to create a new Development Commitment through the Practical Experience Online System for the AE/ AS to review and sign.

The Development Commitment is designed to nurture a constructive discussion and relationship between AE/ AS and QP student and ensure that both parties have a clear understanding of the expectations and responsibilities on practical experience training. A standard Development Commitment should include the following:

- Name of the AE/ AS, the MIC and the QP student;
- Date of commencement and terms of the Development Commitment;
- Responsibilities of the AE/ AS;
- Responsibilities of the QP student;
- Conditions for termination of the Development Commitment; and
- Signatures of the AE/ AS, the QP student and dates.

The Development Commitment should be signed online by both the AE/ AS and the QP student within three months upon commencement of the Practical Experience Period. All tailor-made terms in the Development Commitment have to be in compliance with the Codes and Guidelines and is subject to review and approval by the Institute. A sample of the Development Commitment is set out in **Appendix C** for illustration purpose.

Failure to sign and submit the Development Commitment online implies that the practical experience acquired by the QP student may not be recognized, and the QP student's admission to HKICPA membership will be delayed.

Once the Development Commitment is approved, the QP student can create his/ her Training Records for recording the recognized practical experience.

Should the Development Commitment be terminated for any reasons (Refer to **Section 2.2.3**), the QP student is required to inform the Institute immediately. In addition, whenever the QP student resumes practical experience training, he/ she should enter into a Development Commitment with the new AE/ AS.

5.2.3 Create Training Records and record practical experience (Stage 3)

Having entered into the Development Commitment with the AE/ AS, QP students can create Training Records to record evidence of practical experience and skills and have these record verified by their AE/ AS. The Training Records include:

- The QP student's personal particulars;
- Record of the time input;
- Record of the relevant practical experience competence output; and
- Reflective Statement (Refer to **Section 5.2.5**).

QP students are advised to devise a good plan to achieve the professional competences and skills. Here are some easy-to-follow suggestions:

- **Be familiar with the pre-defined elements of professional competences**

QP students should learn how their work can fit into the pre-defined elements and how they can achieve competences at the required level of proficiency. QP students should consult their Counselors/ AS for any uncertainties.

- **Record practical experience on a timely basis**

QP students can easily keep a complete set of Training Records if they can update their time input and competence output on the Practical Experience Online System periodically. Meanwhile, QP students can plan ahead whenever there is a need to catch up the training progress.

- **Maintain proper documentation as supporting evidence**

This will definitely help Counselors/ AS to evaluate whether the professional competences acquired by QP students have been successfully achieved during the review meetings.

A sample of the Training Records is attached in **Appendix D** for illustration purpose.

5.2.4 Attend interim and annual review meetings (Stage 4)

Regular communication is crucial to the quality of practical experience training. Interim and annual review meetings should be conducted for each training year.

The interim review can take place any time throughout the training year. The Counselors/ AS should evaluate QP students' training progress while QP students' work performance and achievement of competences are still fresh in mind. No detailed documentation is required except putting down the review date on the online Training Records.

The annual review meeting has to be conducted so that QP students' training progress is properly reviewed and monitored. The Counselors/ AS should perform sign-off on the Training Records at least on an annual basis. See **Section 5.2.5** for more information about the annual sign-off.

At the review meetings, Counselors/ AS and QP students may discuss the following:

- Time spent on practical experience;
- Progress in achieving competences required for HKICPA membership;
- Reflective Statements;
- Professional development;
- Ethical issues and training;
- Career development;
- Any other issues affecting QP students' ability to satisfy the requirements of becoming a professional accountant (e.g. modules and study progress).

5.2.5 Complete Training Records and Reflective Statement (Stage 5)

Why is the Reflective Statement required?

It is essential for the Counselors/ AS to have an overall understanding and evaluation of QP students' achievement of professional competences before signing off the Training Records. In this regard, QP students should not only record the duration (i.e. time input) and type (i.e. competence output) of professional competences achieved throughout the training year, but also write down their self-reflective feedback in the Reflective Statement which forms part of the Training Records.

The objective of writing Reflective Statement is to encourage QP students to take ownership for their personal development and engage in self-improvement on a regular basis. This provides opportunities for QP students to give more specific examples illustrating how they demonstrated their achievement of professional competences and how they are going to turn their training needs into future development actions.

The self-reflective section include the following:

- Main areas of work and activities undertaken during the Practical Experience Period;
- An evaluation of the particular skills developed with reference to the competence(s) achieved during the Practical Experience Period; and
- An identification of the improvement areas or further development needs for the forthcoming year and plans to achieve them (e.g. elements of competence(s) planned to develop and demonstrate).

The Reflective Statement completed by QP students should be reviewed and discussed with the Counselors/ AS at least on an annual basis (e.g. at the annual review meeting). The Counselors/ AS can then evaluate the QP students' competences development and performance against the targets set, advise on future experience and development needs and provide constructive feedback.

When should the Counselors/ AS perform the sign-off?

The Training Records should be reviewed and signed off under the following situations:

- **At least on an annual basis**

The Training Records should be signed off by 31 December each year and submitted online within one month of the cut-off date (i.e. 31 January of the following year).

- **When the QP student ceases to be trained by the current Counselor/ AS**

This may arise when (1) the Counselor/ AS/ QP student is going to work for a new company; (2) the QP student is going to work under the supervision of a new Counselor; or (3) the QP student has completed all practical experience requirements.

If the online Training Records have not been properly signed off, there may be a risk that the practical experience acquired by the QP student would not be recognized for HKICPA membership admission or the QP student would not be able to commence the practical experience training in his/ her new employment or position.

Failure to conduct an annual sign-off on the Training Records without reasonable causes may trigger follow-up actions by the Institute (e.g. phone enquiry or on-site visit). In the worst case scenario, it may result in the removal of the AE/ AS authorization status and/ or rejection of the QP students' membership application.

What can you do if you have doubts on the contents of the Training Records?

If more information has to be obtained before sign-off, the Counselor/ AS may contact the QP student concerned or any relevant parties for further details or clarification. In case amendment is required for the training record information completed by the QP student, the Counselor/ AS should request the QP student to make the changes and explain why the changes are appropriate or necessary.

5.2.6 Perform final sign-off on the Training Records (Stage 6)

To satisfy the time and competence requirements, QP students have to go through Stages 1 to 6 throughout the practical experience process as outlined under **Section 5.2**.

At the completion of the Practical Experience Period or when the Development Commitment is terminated for any reasons, QP students should submit the signed off Training Records for final sign-off (i.e. the MIC/ AS's endorsement) to confirm the QP students' attained competences and their employment period.

In case of termination of the Development Commitment, the Training Records should be endorsed by the MIC/ AS within three months of the end date of the Practical Experience Period.

5.3 Admission to HKICPA membership

Within the Practical Experience Online System, QP students are allowed to select the valid Training Records from their previous employment(s) and generate a summary report for HKICPA membership admission.

Upon completion of the education, examination and experience requirements under the QP, QP students are eligible to apply to become HKICPA members. QP students have to print out and sign the summary report in regard to their HKICPA membership application.

5.4 Practical Experience Online System

All practical experience documentation (e.g. Development Commitment, Training Records) and the application for authorization, annual monitoring, information updates and renewal of authorization are created, completed and submitted through the Practical Experience Online System. This enhances the transparency and timeliness of documentation between employers, supervisors, Counselors and QP students. QP Students can also keep track of their development progress of professional competences through the Practical Experience Online System anytime.

If you wish to know more information about the online system, please refer to the **Practical Experience Online System User Guide**.

5.5 Transitional arrangements

The revised Practical Experience Framework would be launched in December 2022. To ensure the smooth launch of the revised Practical Experience Framework, the following transitional arrangements would be put in place:

- **Transitioning students (i.e. those who registered as QP students and started accumulating practical experience before 1 January 2023)**

For candidates who register as QP students on or after 1 January 2023, they are required to follow the requirements under the revised Practical Experience Framework as mentioned in **Section 5.2**.

A transitional period of three years (i.e. **up to 31 December 2025**) is granted to allow the transitioning students who have started accumulating experience sufficient time to continue to attain the required practical experience under the old Practical Experience Framework.

Transitioning students, who have completed the QP examinations and practical experience requirement and have applied for HKICPA membership during the three-year transitional period, will not be subject to the 10-year Recency Rule as mentioned in **Section 2.2.4**.

Transitioning students, who have not attained full practical experience under the old Practical Experience Framework by 31 December 2025, will be required to attain the remaining practical experience under the requirements of the revised Practical Experience Framework to make up for the shortfall on a pro-rata basis.

At the time of application for the HKICPA membership on or after 1 January 2026, these transitioning students are required to submit the signed-off Training Records and a completed Conversion Report. The Conversion Tool template can assist students in converting the achieved competences from the old Practical Experience Framework to the revised Practical Experience Framework. You can refer to the [Conversion Tool User Guide](#) for more information.

The requirements for transitioning students are summarized in the table below:

Requirements	Within transitional period (on or before 31 December 2025)	After transitional period (on or after 1 January 2026)
(a) Practical experience requirements	Students may follow the old Practical Experience Framework.	Students must follow the revised Practical Experience Framework.
(b) Conversion Report	Not required *	Required for submission
(c) 10-year Recency Rule	This rule does not apply.	Students must fulfil this rule.

* Conversion Report is required to be submitted to the HKICPA if the practical experiences acquired by the transitioning students are partially recognized under the old Practical Experience Framework and are partially recognized under the revised Practical Experience Framework.

- **Existing AE/ AS (i.e. those registered as AE/ AS before 1 January 2023)**

An AE/ AS is required to comply with the revised practical experience requirements and is able to access to the Practical Experience Online System starting from the launch.

A grace period up to three months is offered to these first-time system users. With this grace period, the time limits for satisfying some practical experience requirements and obligations through the Practical Experience Online System for the year 2023 will be relaxed as shown below:

Requirements and obligations	With grace period	Under normal situation
(a) Update of AE/ AS record particulars (e.g. incoming/ outgoing QP students, assignment of Counselors)	Update by 30 April 2023	Update within one month of the change
(b) Submission of the signed Development Commitment	Submit by 30 June 2023	Submit within three months of practical experience period

Example: An AE has just hired a QP student who starts acquiring practical experience on 1 February 2023. With this grace period, the AE should update the records on this incoming QP student by 30 April 2023; and they should submit the signed Development Commitment to the Institute by 30 June 2023.

Please note that the annual review on the QP students' training progress and annual sign-off on the Training Records will still be conducted by the end of 2023.

Financial Accounting and Reporting

Practical Experience Competence		Proficiency Level <i>(note)</i>
FAR1: Accounting for Transactions		
FAR1.1	Evaluate financial statement information (routine and non-routine) and estimates by reference to the entity's books, records and events	3
FAR1.2	Design systems to capture and process accounting data	
FAR1.3	Prepare and/or evaluate reconciliations of financial information	2
FAR2: Preparing Financial Reports		
FAR2.1	Determine the appropriate accounting reporting and regulatory framework to be applied in the preparation of an entity's financial statements	2
FAR2.2	Prepare the primary financial statements for a single entity and a group: statement of comprehensive income, statement of financial position, statement of changes in equity and cash flow statement and notes in accordance with relevant accounting framework	
FAR2.3	Prepare or evaluate appropriate note disclosures for inclusion in the financial statements	
FAR2.4	Compare financial information presented in the financial statements to the other contents of an annual report to ensure consistency (e.g. Management Discussion, Director's Report, Corporate Governance Report)	
FAR3: Analysing Financial Reports		
FAR3.1	Evaluate the financial performance, efficiency, liquidity and solvency of an entity by calculating appropriate ratios	3
FAR3.2	Evaluate the effect of a change in accounting policy and accounting estimate on the financial statements	

(note) Levels of proficiency:

Level 1: Foundation (Knowledge and Comprehension)

The QP student is able to remember previously learned materials and demonstrate understanding of facts and ideas by organizing, comparing, translating, interpreting, giving descriptions and stating main ideas.

Level 2: Intermediate (Application and Analysis)

The QP student is able to use new knowledge and solve problems in new situations by applying acquired knowledge, facts, techniques and rules in a different way. In addition, the QP student is able to examine and break information into parts by identifying motives or causes, make inferences and find evidence to support generalization.

Level 3: Advanced (Integration and Evaluation)

The QP student is able to compile information together in a different way by combining elements in a new pattern or proposing alternative solutions. Moreover, the QP student is able to demonstrate the ability to judge the value of material for a given purpose.

Audit and Assurance

Practical Experience Competence		Proficiency Level	
AA1: Planning an Engagement			
AA1.1	Evaluate the scope, objective and standards applicable to a particular audit assignment	3	
AA1.2	Prepare an engagement letter for an audit assignment	2	
AA1.3	Evaluate the business environment including identifying the major classes of balances and transactions (routine and non-routine)	3	
AA1.4	Evaluate and document the control environment of an entity including flow charts and other system notes (manual and computerized)		
AA1.5	Formulate an appropriate level of materiality and performance materiality for an entity by reference to the nature and size of the business and other related matters		
AA1.6	Evaluate the risk of material misstatements in the financial statements at the account balance and transaction levels		
AA1.7	Evaluate relevant internal controls which mitigate the likelihood of material misstatements		
AA1.8	Design appropriate tests of internal controls, substantive test of details and substantive analytical review procedures including the calculation of sample sizes and mode of selection		
AA1.9	Evaluate compliance with relevant ethical requirements, including independence		
AA1.10	Develop inquiries regarding fraud and error		
AA2: Performing an Audit Engagement			
AA2.1	Evaluate the need for using the work of external experts		3
AA2.2	Evaluate and document the results of tests of controls for effectiveness		
AA2.3	Evaluate and document the results of substantive test of detail and substantive analytical review		
AA3: Audit Review and Reporting			
AA3.1	Prepare the appropriate opinion paragraph in an audit report in accordance with appropriate Auditing Standards	2	
AA3.2	Prepare the management representation letter	3	
AA3.3	Evaluate the impact of identified misstatements against materiality, audit scope and opinion		
AA3.4	Analyse the issues to be included in the management representation letter for those charged with governance to cover items required by the appropriate Auditing Standards	2	

Taxation

Practical Experience Competence		Proficiency Level
T1: Tax Computations		
T1.1	Compute the taxation position for an individual and a legal entity	2
T1.2	Produce information from financial records and Inland Revenue Department communications to prepare tax computations	3
T1.3	Analyse the impact of recent legislative changes and Board of Review decisions on the determination of the tax computations	2
T2: Tax Compliance		
T2.1	Advise the tax filing procedures under the Inland Revenue Ordinance and the consequences of non-compliance	3
T2.2	Justify the circumstances where an objection to an assessment or an appeal can be raised	2
T2.3	Advise the tax lodgment and assessment payment requirements under the Inland Revenue Ordinance and the consequences of breaches	3
T3: Tax Planning		
T3.1	Contrast the differences between tax planning, tax avoidance and tax evasion	2
T3.2	Consider recent changes in the Inland Revenue Ordinance, regulatory environment and Board of Review decisions on the determination of tax position	3
T3.3	Evaluate the tax implications for proposed future plans of an individual or an entity	
T3.4	Recommend tax mitigation strategies by utilizing incentives and reliefs	

Management Accounting, Finance and Financial Management

Practical Experience Competence		Proficiency Level
MF1: Cost Management and Evaluation		
MF1.1	Evaluate appropriate cost classifications and the main types of cost accounting systems including alternative methods of dealing with overhead or common costs and the criteria for their uses	3
MF1.2	Analyse the appropriate costing methodologies for an entity's products and services	2
MF1.3	Analyse cost behaviours and revenues, actual and forecast, to meet management needs	
MF2: Cash Management, Planning and Budgetary Control, and Treasury		
MF2.1	Advise on the financial implications of an entity's strategies	3
MF2.2	Analyse budgets by adopting appropriate assumptions, methodologies and other information inputs in line with an entity's strategies	2
MF2.3	Analyse budget variances and determine the likely causes and provide recommendations for improvements (if possible)	
MF2.4	Evaluate appropriate present and future levels of cash (short and long term) and working capital by assessing liability and capital structures, asset structures and liquidity, present and future leverage levels, cash flow and profitability patterns	3
MF2.5	Evaluate an entity's needs for additional financing or consider options for projected cash surplus to an entity's requirements (including the evaluation of decisions related to distribution of profits)	
MF2.6	Advise on the appropriate sources and types of finance considering availability of finance, conditions attached to raising finance and tax implications	
MF3: Appraising Investments		
MF3.1	Evaluate the opportunities, risks and implications associated with the replacement of a capital asset or acquisition of a new business/expansion of existing business	3
MF3.2	Apply appropriate investment appraisal techniques to determine a range of values for a business or capital asset	2
MF3.3	Justify the assumptions made that support the valuation and perform sensitivity analyses to support the range of values	
MF3.4	Analyse the performance of products and business segments with the use of financial or non-financial indicators	

Governance, Risk Management and Internal Control

Practical Experience Competence		Proficiency Level
GRI1: Identifying and Managing Risk		
GRI1.1	Evaluate risks (strategic, operational, financial, regulatory and information systems) within an entity	3
GRI1.2	Evaluate the entity's business processes and controls which mitigate risks	
GRI1.3	Recommend strategies to manage, transfer, reduce or avoid the identified risks	
GRI2: Designing Internal Controls		
GRI2.1	Analyse the requirements for effective internal control	2
GRI2.2	Design and document an effective system of internal control (including the control environment, application and general controls)	3
GRI2.3	Design appropriate manual and computerized tests on the system of internal control to assess its effectiveness in preventing or detecting error	
GRI2.4	Recommend improvements to the system of internal control based upon the results of the internal control testing	
GRI3: Monitoring Performance and Accountability		
GRI3.1	Evaluate the governance structure and practices of an entity by reference to the Listing Rules, best practices and other regulatory requirements	3
GRI3.2	Analyse the strategic, operational, financial, regulatory and information system risks based on an assessment of the external and internal environment, strategies and processes	2
GRI3.3	Analyse the key business processes of an entity for the occurrence of material misstatements together with relevant manual and computerized internal controls that mitigate the misstatements	

Information Technology, Business Strategy and Management, and Insolvency and Reconstruction

Practical Experience Competence		Proficiency Level
IBR1: Information Technology		
IBR1.1	Evaluate IT applications (word processing, spreadsheets and email) for communication and collaboration	3
IBR1.2	Recommend appropriate applications to obtain, analyse and present information	
IBR1.3	Use the internet as a source of relevant and reliable information	2
IBR2: Business Strategy and Management		
IBR2.1	Analyse whether the business strategies are appropriate for an entity	2
IBR2.2	Determine the impact of external and internal environments on implementing business strategy by considering the use of appropriate methodologies, such as, (i) Michael Porters model, (ii) Strengths (S), Weaknesses (W), Opportunities (O), and Threats (T) analysis ("SWOT analysis"), (iii) Flexibility (F), Risk (R), Income (I), Control (C), Timing (T), and Other (O) analysis ("FRICTO analysis") and (iv) Political (P), Economic (E), Social (S), Technological (T), Environmental (E) and Legal (L) analysis ("PESTEL analysis")	
IBR2.3	Contrast the different types and levels of risks and advise their likely impact on the business together with a mitigation strategy	
IBR3: Insolvency and Reconstruction		
IBR3.1	Appraise the financial position of an individual or entity using financial and ratio analysis	3
IBR3.2	Appraise the competitive position of an entity in terms of its products, services and markets	
IBR3.3	Recommend strategic options for and underperforming or insolvent entity	
IBR3.4	Plan, implement, review and assess a reconstruction plan	
IBR3.5	Categorize how an entity becomes bankrupt and determine the appropriate form of administration	2

Enabling Competences

Practical Experience with Two Areas and Seven Elements

Professional Values, Ethics and Attitudes

Practical Experience Competence	Elements	Proficiency Level
(a) Professional Scepticism and Professional Judgement		
(i) Apply a questioning mindset critically to assess financial information and other relevant data	A1	2
(ii) Evaluate and recommend reasonable alternatives to reach well-reasoned conclusions based on all relevant facts and circumstances		3
(b) Ethical Principles		
(i) Demonstrate the nature of ethics	A2	2
(ii) Justify the advantages and disadvantages of rules-based and principles-based approaches to ethics		
(iii) Identify ethical issues using relevant ethical principles, analyse alternative courses of action and determine the ethical consequences of these		
(iv) Apply the fundamental ethical principles of integrity, objectivity, professional competence and due care, confidentiality, and professional behaviour to ethical dilemmas and determine an appropriate approach		
(v) Apply the relevant ethical requirements to professional behaviour in compliance with standards		
(c) Commitment to the Public Interest		
(i) Determine the role of ethics within the profession and in relation to the concept of social responsibility	A3	2
(ii) Evaluate the role of ethics in relation to business and good governance		3
(iii) Analyse the interrelationship of ethics and law, including the relationship between laws, regulations, and the public interest		2
(iv) Consider the consequences of unethical behaviour to the individual, the profession, and the public		3
(d) Business Ethics and Professional Negligence		
(i) Evaluate the appropriate course of action across a wide range of ethical dilemmas	A3	3

Professional Skills

Guidance Notes for Self-assessment on Compliance with Practical Experience Codes and Guidelines

Important note: The below possible items and supporting evidence are for illustrative purposes only and not meant to be exhaustive or mandatory. It does not represent a full list of supporting evidence. The AE/ AS can consider other evidence that is effective in demonstrating their compliance with the principle of the Codes and Guidelines in all material aspects.

CODE 1: The AE/ AS exhibits professional and ethical practices.

Guideline 1

The AE/ AS's employing organization meets its regulatory and ethical requirements in its country of residence.

Possible items to consider:

- Has the AE/ AS's employing organization ever been the subject of any disciplinary action (e.g. reprimand for non-compliance, court proceedings, etc.)?

Guideline 2

The AE/ AS or the individuals involved in training have no ethical or professional issues.

Possible items to consider:

- Has the Counselor/ AS or any individual involved in training QP students ever been subject to disciplinary actions from any governmental or professional bodies, e.g. Securities and Futures Commission or other regulatory bodies? If yes, have the disciplinary actions been resolved?
- Has the Counselor/ AS or any individual involved in training QP students had any past or ongoing disciplinary cases including outstanding disciplinary determination by the Institute's Disciplinary Committees?
- Has the Counselor/ AS or any individual involved in training QP students had any ethical or professional issues as defined under the Institute's Code of Ethics for Professional Accountants, Financial Reporting, Auditing and Assurance standards, and Professional Accountants Ordinance and By-Laws?

CODE 2: The AE/ AS is committed to and identifies the training and development needs of QP students.

Guideline 3

The AE/ AS identifies and provides adequate resources to train QP students.

Possible items to consider:

- Does the AE/ AS's employing organization have a functional/ departmental staff list with job descriptions for each position to identify competent qualified accountants to train QP students?
- Does the AE/ AS's employing organization have organizational charts which clearly shows the reporting and working relationship of the training personnel and QP students?
- Does the AE/ AS's employing organization have a list of competent and dedicated training personnel (e.g. Counselors) readily available to train QP students through appropriate on-the-job training and other formal trainings?
- Does the AE/ AS's employing organization have a list of resources readily available to support the Member-In-Charge ("MIC")/ AS in administration and monitoring of training for QP students, e.g. human resources personnel, training specialists or management personnel for the MIC Deputies (if needed)?
- Is there a clear training planning process to identify the needs and resources for supporting the training of QP students?
- (For AE only) Is the number of Counselors adequate to cover the number of QP students within the AE? Note: the maximum Counselor to Student ratio is 1:8.

Examples of supporting evidence:

- Job descriptions
- Functional/ departmental staff list
- Organizational chart
- List of training personnel and administrative staff
- Staff handbook

Guideline 4

The AE identifies and assigns qualified accountants with suitable experience as Counselors and provides resources to enable them to fulfil their role. The AS should be a qualified accountant with suitable experience and ensure appropriate resources are provided by the AS's employing organization to enable the AS to fulfil his/ her role.

Possible items to consider:

- Do the MIC/ Counselor/ AS have the membership certificates or licenses to confirm their professional qualification?
- Does the AE/ AS's employing organization have any functional/ departmental staff list with the MIC/ Counselors/ AS's job titles, roles and responsibilities as well as reporting relationships to determine the good standing of the MIC/ Counselors/ AS and their adequate knowledge of the QP students' work and the training undertaken?
- Does the AE/ AS's employing organization have any plan to provide adequate resources for Counselors/ AS to fulfil their role, e.g. sponsorship to Counselors/ AS on counseling skills or other related training, appropriate time arrangement or tools to aid Counselors/ AS to perform interim and annual review of the QP students' practical experience process?
- (For AE only) Does the AE have any plan to identify adequate qualified and competent accountants as Counselors to supervise QP students within a reasonable timeframe?
- (For AE only) Does the AE have a list of qualified Counselors that are ready to be allocated to QP students?
- (For AS only) Can the AS provide documentation to demonstrate the support from the AS's employing organization in training QP students?

Examples of supporting evidence:

- A list of qualified Counselors
- Copy of membership certificates from other professional accountancy bodies recognized by the Institute
- AS's employment support letter or relevant document to demonstrate support to train QP students
- Resource plan
- Functional/ departmental staff list
- Sponsorship on internal/ external trainings to Counselor/ AS

Guideline 5

The Member-In-Charge, Counselors, AS, and QP students understand their roles and responsibilities for training and development.

Possible items to consider:

- Does the AE/ AS hold kick-off meeting with QP students to ensure mutual agreement on each party's roles and responsibilities for training and development of the QP students?
- Does the AE/ AS's employing organization have a staff handbook/ induction policy containing information on the PE Framework administrative arrangements and resources as well as details of the roles and responsibilities of the MIC/ Counselor/ AS/ QP students?
- Does the AE/ AS's employing organization have any training guides or other measures to communicate to the MIC/ Counselors/ AS/ QP students about their roles and responsibilities?

Examples of supporting evidence:

- Correspondence/ meeting records of discussion on QP students' roles and responsibilities for training and development
- Staff handbook/ induction policy on MIC/ Counselors/ AS/ QP students' roles and responsibilities and relevant arrangements and resources
- Training guide
- Documentation on measures to communicate with the training personnel

Guideline 6

The AE/ AS sets the QP students' objectives as part of a performance review.

Possible items to consider:

- Does the AE/ AS's employing organization have any standard appraisal form/ system for QP students to document their annual goals on the practical experience requirements at the beginning of the year and self-evaluate their performance by year end and to be assessed by their appraising managers/ Counselor/ AS?
- Does the AE/ AS's employing organization have an appraisal policy and guidance to enable the appraising managers/ Counselors/ AS and QP students to utilize the appraisal system efficiently and effectively to assess goals and objectives, manage the work performance and the progress and development needs of QP students?
- Does the AE/ AS's employing organization have any measures/ tools other than the appraisal system to help QP students set their goals and objectives and obtain the competences required under the PE Framework, e.g. informal meeting or other documentation on training plan?
- Are the appraising managers appropriately trained?
- If the appraising managers are not the Counselors/ AS, how do the Counselors/ AS communicate with the appraising managers to assess the performance of the QP students?

Examples of supporting evidence:

- Standard appraisal form/ system
- Appraisal policy and guidance
- Documentation on other measures/ tools to help QP students set their goals and objectives
- Relevant evidence of performance management training for appraising managers

Guideline 7

The AE/ AS identifies opportunities for QP students to obtain appropriate practical experience.

Possible items to consider:

- Does the AE/ AS's employing organization have any plan for provision of work opportunities for the QP students with a reasonable mix of accounting work so as to achieve and demonstrate the technical and enabling competences under the practical experience requirements?
- Does the AE/ AS's employing organization have any appraisal/ performance review documents to track the QP student's performance and help identify work opportunities for the QP students to fulfil the practical experience requirements?
- Does the AE/ AS's employing organization have enough work/ project arrangements, job rotation programmes or secondment opportunities specifying the job descriptions, roles and responsibilities identified for QP students to acquire appropriate practical experience for fulfilling the practical experience requirements?

Examples of supporting evidence:

- Plan for provision of work opportunities for QP students
- Training plan
- Standard appraisal form/ system
- Job rotation programmes or secondment opportunities for QP students

Guideline 8

The AE/ AS ensures QP students understand how they contribute to the organizational or departmental objectives.

Possible items to consider:

- Does the AE/ AS's employing organization have any job descriptions detailing the QP students' roles and responsibilities which demonstrate how their roles fit into the organization?
- Does the AE/ AS's employing organization have any operational plans communicated to all staff which specifies the organizational or departmental objectives for QP students to understand and think of ways to contribute to these objectives?
- Does the AE/ AS's employing organization have any functional/ departmental staff list or organizational charts which show how different roles integrate into the organization?
- Does the AE/ AS's employing organization have any standard appraisal/ evaluation forms or review documents which require QP students to self-evaluate their own work performance in meeting the organizational or departmental objectives?

Examples of supporting evidence:

- Job descriptions for QP students
- Operational plan with organizational/ departmental objectives
- Functional/ departmental list or organizational charts
- Appraisal/ performance review documentation

Guideline 9 *(note)***The AE/ AS agrees Development Commitment with QP students which is relevant to their current roles or their future career aspirations.****Possible items to consider:**

- Is there any training plan/ personal development plan/ appraisal review form for QP students to state their goals and plans on practical experience development which will then be reviewed and agreed by Counselors/ AS?
- Does the Counselor/ AS hold a kick-off meeting and annual review meeting with the QP students to understand their practical experience process and align with their current roles or future career aspirations?

Examples of supporting evidence:

- Training plan/ Personal development plans/ appraisal review forms for QP student
- Correspondence/ meeting records of discussion on QP students' development needs and plan

(note) Development Commitment is a new requirement under the revised PE Framework. Please consider the possible items under the existing PE Framework which aligns with the principle of this guideline under the revised PE Framework.

CODE 3: The AE/ AS provides development opportunities for QP students and monitors and reviews development activities.**Guideline 10****The AE/ AS provides appropriate practical experience to QP students.****Possible items to consider:**

- Does the AE/ AS's employing organization have any standard appraisal form/ performance review document that records the type of practical experience provided to QP students and evaluates whether the practical experience acquired meets the practical experience requirements?
- Does the AE/ AS's employing organization have any monitoring and review procedures to ensure appropriate practical experience are provided to QP students?
- Does the Training Records show appropriate practical experience which fully meets the practical experience requirements?

Examples of supporting evidence:

- Appraisal form/ performance review documentation
- QP student's Training Records
- Documentation on monitoring and review procedures

Guideline 11**The AE/ AS provides training and development opportunities to QP students to achieve their objectives and explains the nature and extent of these opportunities to them.****Possible items to consider:**

- Does the AE/ AS's employing organization establish any appropriate training and development programmes (e.g. internal training courses, orientation training, on-the-job training) for providing QP students with appropriate opportunities to meet their development needs?
- Does the AE/ AS's employing organization provide support and opportunities for QP students to attend external trainings to achieve relevant Technical and Enabling Competences?
- Does the AE/ AS's employing organization have induction guide/ training policy that ensures QP students understand and guide them through the nature and extent of the training and development opportunities?
- Does the AE/ AS's employing organization have any policy in QP exam support of the QP students (e.g. QP exam or study leave, sponsorship of training courses or study materials, etc.)?
- Are there any templates of time sheets or documentation to record and confirm the QP students are given sufficient opportunities to undertake training and development?
- Have all those involved in the training of QP students, and the QP students themselves, been given sufficient time to commit to the training of the QP students?

Examples of supporting evidence:

- Training and development programmes
- External/ internal training courses list
- Time sheets for QP students
- Sponsorship to external trainings
- Induction guide/ training policy available for QP students
- Staff handbook

Guideline 12

The AE/ AS monitors and evaluates the QP students' progress towards fully meeting the practical experience requirements, and identifies and takes appropriate action as a result of reviews with QP students.

Possible items to consider:

- Does the AE/ AS's employing organization have any internal standards and procedures for monitoring and supervision of QP students, including on-the-job training, counseling and development of both Technical and Enabling Competences?
- Does the AE/ AS's employing organization have any standard appraisal form/ system that ensures Counselors/ AS monitor and evaluate QP students' progress and plan for further development opportunities at least on an annual basis?
- Does the AE/ AS have any other measures to ensure Training Records are completed by QP students and signed off by Counselors/ AS in an interim and annual basis to ensure the QP students' progress is on track and evaluated?
- What actions will be taken to rectify situations where a QP student's training development progress does not meet the practical experience requirements?
- Will time sheets be first filled out by QP students, and then reviewed and signed off by Counselors/ AS on a regular basis (e.g. weekly or monthly) to ensure the practical experience progress is monitored?
- Have both QP students and Counselors/ AS been given sufficient time to complete the reviews?

Examples of supporting evidence:

- Time sheets for QP students
- Standard appraisal form/ system
- Training records of QP students
- Internal standards and procedures for monitoring and supervision

Guideline 13

The AE/ AS ensures the QP students' time is documented and can be counted towards the practical experience requirements.

Possible items to consider:

- Does the AE/ AS provide any guidelines to Counselors/ QP students to record time spent on work and activities which can be counted towards the practical experience requirements?
- Does the AE/ AS have the Institute's AE/ AS's support manual readily available for Counselors/ AS / QP students to make reference to and understand how to document the practical experience?
- Does the AE/ AS's employing organization have monitoring procedures to ensure QP students' time is documented and their practical experience be assessed by their Counselors/ AS at least twice a year (i.e. interim and annual review)?
- Are there any templates of time sheet, task lists or other tools for QP students to record the number of working hours and tasks for mapping to the Technical and Enabling Competences on the Training Records as required under the revised PE Framework?

Examples of supporting evidence:

- Time sheet template for QP students
- Guidelines to QP students to record time spent on work
- Support Manuals
- Sample of completed Training Records
- Monitoring procedures

Guideline 14

The AE/ AS reviews the QP students' ethical and professional behaviour throughout the Practical Experience Period.

Possible items to consider:

- Does the AE/ AS's employing organization have any staff handbook or guidelines on ethical and professional behaviour as part of the induction to QP students?
- Does the AE/ AS's employing organization provide any regular training courses on ethical and professional behaviour which are available for QP students to update their knowledge in this area?
- Does the standard appraisal form/ review documentation show evidence of conversations regarding ethical and professional behaviour?

Examples of supporting evidence:

- Standard appraisal form/ system
- Staff handbook or guidelines on ethical and professional behaviour
- Training courses for QP students on ethical and professional behaviours
- Training attendance sheets/ training schedule of QP students

Guideline 15

The AE/ AS evaluates and monitors QP students to undertake development activities.

Possible items to consider:

- Does the AE/ AS's employing organization have any standard appraisal form/ system which documents and evaluates the development activities undertaken by QP students?
- Does the AE/ AS's employing organization have any monitoring policies and guidelines detailing the evaluation and monitoring standards as well as setting parameters to measure QP students' performance in the development activities?
- Are there any tracking records which document the actual development activities undertaken by QP students against initial development activities planned to ensure the effectiveness of the activities?
- Are there any training attendance sheets to confirm the QP students' attendance for internal training?
- Are there any reports on training provided to AE/ AS's management for assessment on a regular basis, detailing QP student's development issues and training provided?

Examples of supporting evidence:

- Standard appraisal form/ system
- Monitoring policies, guidelines and procedures of development activities
- Development activities tracking records
- Training attendance sheets of QP students
- Management assessment reports or relevant documents
