# Comparison between Hong Kong Financial Reporting Standards (HKFRS) and International Financial Reporting Standards (IFRS) as at 31 December 2024

## Notes

<sup>1</sup> These Hong Kong pronouncements might have additional wording or paragraph(s) specifying that:

- (i) if an entity decides to early adopt a Standard, the entity is not required to apply all the Standards effective for the same date for that period;
- (ii) if an entity decides to early adopt a Standard, the entity is required to apply the relevant Interpretation for that period;
- (iii) early adoption is encouraged; or
- (iv) the previous version of the Standard is withdrawn.

<sup>2</sup> Following the issuance of HKFRS 18 which replaces HKAS 1, the concepts of true and fair view and compliance with HKFRS have been moved from HKAS 1 to HKAS 8. Therefore, there are minor textual differences in the consequential amendments to HKAS 8. These minor textual differences represent explanation of legal requirements which do not give rise to differences.

<sup>3</sup> HKFRS Sustainability Disclosure Standards are **voluntary** until and unless relevant authorities and/or regulators mandate their use. This is so despite the stated effective date of 1 August 2025. See no. 1 and 2 of the [FAQs](#) on HKFRS Sustainability Disclosure Standards.

SIC-7 *Introduction of the Euro* is not adopted in Hong Kong.

The paragraph numbers in HKFRSs generally correspond to the paragraph numbers in IFRSs.
