  - 政經決策

**Title:** Financial sector reform and the international integration of China  
**Author:** edited by Zhongmin Wu.  
**Publisher:** Abingdon ; New York : Routledge  
**Year of Publication:** 2009  
**Call No.:** HG187 .C6 F565 2009

- ◆ China's economy, which continues to grow rapidly, is having an ever greater impact on the rest of the world. This impact is likely to be felt increasingly in the financial sector where China's foreign currency reserves, fuelled by the huge trade surplus, are a very significant factor in world financial markets. This book, based on extensive original research by a range of leading experts, examines many key aspects of current reforms in China's financial sector and China's increasing integration into the international economy.
  
- ◆ The title includes:
  - the derivatives market in China
  - China's RMB exchange rate regime option, capital integration and financial development
  - corporate bond performance in China and its default spread
  - stock market condition, liberalization and liquidity
  - the internationalization of accounting and audit standards in China
  - testing for credit restrictions in Chinese agriculture
  - factors limiting the overseas listing of Chinese privately-owned enterprises
  - the impact of international foreign direct investment by Chinese firms
  - long-term economic effects of the Beijing Olympic Games

**Title:** CFO guide to doing business in China  
**Author:** by Ching Mia Kuang  
**Publisher:** Singapore : John Wiley & Sons (Asia) Pte. Ltd.  
**Year of Publication:** 2009  
**Call No.:** HG5782 .C45 2009

◆ China's business environment is complex and competitive due to rapid changes on rules and regulations, vague law enforcement procedures, coupled with local government influences, differences in culture and business practices. The book, thus, is a practical guide for top executives. It discusses key aspects from the financial and management areas in order to assist readers to formulate business strategies that work in China. It takes a practical approach with real life case studies and tested methods to help business get started and navigate the intricacies of China's environment.

- ◆ The title covers:
- market entry strategy and study
  - China's accounting and financial systems
  - audit and annual inspection
  - foreign exchange controls
  - taxation issues
  - hiring, employment, labor contract laws
  - outsourcing
  - risk management and internal audit
  - mergers and acquisitions
  - Chinese culture
