Technical Training and Support Programme 2011

"The Success Ingredient for professional accountants is constant refreshment of our technical skills and knowledge in this demanding, dynamic profession..."

CPA: The Success Ingredient

The Institute's technical training and support team is running a comprehensive training programme to help you stay tuned for HKFRS, HKFRS for Private Entities, Clarified HKSA and Revised Code of Ethics and much more.

These events are specially priced for 2010-11 as part of the Institute's programme to enhance technical training and support services for members.

In 2010, the Institute's Technical Training and Support team launched a new training programme covering topical areas on HKFRS, HKFRS for Private Entities, the Revised Code of Ethics, and the Clarified HKSA. With the support of our members, over 90% of the events held were fully booked and feedback from members show that the sessions are highly regarded and well received.

Our mission to help members keep up to date with the most recent updates and latest developments in financial reporting, audit and business assurance, and to refresh their knowledge and technical skills will continue in 2011.

The Technical Training and Support Programme 2011 has now been developed. Again, we need your support to make it a success.

Technical Training and Support Programme 2011

Technical Update Evenings

Technical Update Evenings ("TUE") is a series of one and a half hour sessions of topical interest in financial reporting, auditing and ethics. The programme agenda covers current standards with particular emphasis on those which are of most relevance to PAIBs and SMPs.

Training for Audit Staff

The two-day workshops are designed to be a practical instruction for audit staff on planning and undertaking an audit assignment in accordance with professional standards. These workshops use relevant case studies as practical application guidance.

HKFRS for Private Entities Workshops

The HKFRS for Private Entities ("PEs") was issued as a new financial reporting option in Hong Kong for PEs on 30 April 2010 with immediate effect. We will take you through the 35 sessions of these standards which simplify the complexity of financial reporting without reducing the value of financial reporting by SMEs.

Audit Practice Manual Application Workshops

The one-day workshop is developed to take the participants through the Institute's revised Audit Practice Manual (revised "APM"), in particular the requirements of the Clarified Hong Kong Standards on Auditing and how they affect audit engagements of non-listed entities.

Auditing and Financial Reporting Forums

External speakers will share their knowledge and experience in their areas of expertise in these forums covering specific topics of interest, newly issued standards, interpretations, exposure drafts and practice notes.

The Revised Code of Ethics

The seminars will introduce members to the Revised Code of Ethics, effective 1 January 2011. Practical application guidance on particular independence issues and on how the code can be applied will be addressed.

Technical Update Evenings

Technical Update Evenings (TUE) is a programme of regular evening training sessions held by the Institute to provide comprehensive training to members to build up knowledge on current financial reporting and auditing issues. In each session, TUE aims to help members explore key areas of complexity within the standards and to increase members' abilities to deal with issues arising from the application of standards and get more knowledge on new topics.

The programme covers current standards but puts particular emphasis on those that have been identified as having particular application issues.

Training for Audit Staff

The learning objectives of this two-day audit workshop are to enable your audit staff to:

- Develop a basic understanding of an audit conducted in compliance with Hong Kong Standards on Auditing
- Understand the risk assessment process in a risk-based audit approach and be able to plan audit work to meet the audit objectives
- Perform appropriate audit procedures, including tests of controls and substantive procedures for common financial statements areas
- Record audit work in sufficient clarity and detail and understand how to deal with audit findings and/or errors arising during the course of the audit

The workshops will be organized in an interactive learning mode where participants will be guided to work through case illustrations. Discussions amongst the participants will be encouraged.

Audit Practice Manual Application Workshops

The Institute's revised Audit Practice Manual (revised "APM"), which was issued in November 2010, has been updated to address the requirements of Clarified Hong Kong Standards on Auditing which are effective for audits of financial statements for periods beginning on or after 15 December 2009.

- Sessions will be held to introduce the revised APM and the new requirements under the Clarified Hong Kong Standards on Auditing and how they affect audit engagements of non-listed entities.
- The training workshops are planned to refresh audit skills in risk assessment and risk response. Sessions on how to navigate the excel based audit programmes contained in the revised APM will also be included.

Participants are required to bring along their revised APM (either hardcopy or softcopy) for case illustrations.

The revised Code of Ethics for Professional Accountants

The HKICPA Code of Ethics for Professional Accountants (the Code) was revised in June 2010 to maintain convergence with the revised Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants. The Code is revised to clarify the requirements for all professional accountants and significantly strengthen the independence requirements for auditors. The Code is effective from 1 January 2011.

The revised Hong Kong Code maintains the principles-based approach supplemented by detailed requirements where necessary, resulting in a Hong Kong Code that is robust but also sufficiently flexible to address the wide-ranging circumstances encountered by professional accountants.

Additional guidance is also included on the provisions governing acceptance of any payment in an agent-principal relationship under the Prevention of Bribery Ordinance.

HKFRS for Private Entities Workshops

The HKFRS for Private Entities (HKFRS for PEs) was issued with effect from 30 April 2010. Workshops will be organized for the purpose of assisting members with the implementation of the new HKFRS for PEs.

The HKFRS for PEs workshops will take place over three days. Each day will be broken down into a number of sessions. Each session will include plenary instruction followed by group break-out exercises and feedback. The agenda of the workshops is based largely on IASB training materials with practical guidance on application of all sections of the standard.
