Technical Update Evenings**

Technical Update Evenings

Technical Update Evenings (TUE) is a programme of regular evening training sessions held by the Institute to provide comprehensive training to members to build up knowledge on current financial reporting and auditing issues. In each session, TUE aims to help members explore key areas of complexity within the standards and to increase members' abilities to deal with issues arising from the application of standards and get more knowledge on new topics.

Starting in 2010, duration of each TUE session has been extended from the previous one hour session to the current one and a half hour session.

The programme covers all current standards but puts particular emphasis on those that have been identified as having particular application issues.
